Memories by Karolina

- When I landed at the airport, a wonderful landscape appeared in my eyes. On the left was a huge sea, and on the right, mountains covered with plants. From the airport, we were supposed to reach Partinico, where I was picked up by the family in which I lived a week. My family was very nice, they had two twins named Giulia and Erika. With the girls from the first day, I felt that we would like each other. Right after my arrival, the family took me to church. A moment later we went together for a pizza. On the second day at school, exchange students were officially welcomed. The school is completely different from ours and there are different rules. On Monday, my family took me on a trip to Partinico. I visited the church of WSGIUSEPPE lit by colorful lamps, as well as the famous Pratinico library. On Tuesday, together with our colleagues, we took part in lessons taught by teachers from Italy, we took part in workshops where we prepared the fruit of frutta di Martonarra. Later, we went to our families to eat dinner. In the afternoon we all went bowling and watched the beautiful views from the terrace. In the evening at the restaurant we ate dinner. On Wednesday we went to Terrasini City, where we saw the sea. Around us were mountains, we went for a walk around Terrasini. We also visited the kindergarten in Partinico. On Thursday, together with my friends, I visited a city by the sea called Alcamo, this time we went to the beach. When we returned home, we had a surprise, because we were going to the party where we received frutta di Martonarra, the fruit produced by us. On Friday morning we went to Palermo, visited the Monreale Cathedral, which impressed us with its size. Later, we visited the Royal Palace, and at the end we went for dinner and a moment later we went shopping. In the evening we returned to Partinico, where our trip ended. Italy and Sicily is a beautiful country and a place to keep in mind.

We landed in Palermo at 1:30pm. We arrived at our teachers' hotel and quickly after that we went on a walk. We saw some beautiful views and at 6:00pm our hosting families took us to their houses. I took a quick shower and I went to bed.

Day 2

- I woke up at 7:00am. Gabriele's mother made breakfast for us. When we ate it, we were taken to school by my Italian friend's dad. At school we had an appointment with students and teachers. Children from their school played our anthem and teachers gave us some gifts. We got out of school at 2:00pm. After lessons we went to Sebastiano's restaurant, where was made a delicious lunch. Then our hosting families took us Erice to show us some beautiful ancient streets and views. Then we went to Trapani to eat a delicious Italian pizza. I took a quick shower, we spent some great time with Gabriele and after that I went to bed quite late, because it was 11:30pm. At the very end of the day I was very very tired and also excited.

- 15.03.2019
- That Day was interesting, because we went to Palermo. Big city in Sicilia nad very famous. This city was very huge and we saw a lot of interesting things like theatre or museums. We learnt a lot of things about Sicilian history. After sightseeing we went shopping. I bought a lot of things like Italian pasta or cheese. We went to Partinico in the evening, and then we went to reastaurant to eat something. We were happy when we were going homes.
- 16.03.2019
- This was the last Day in Partinico. We were packing and saying goodbye to our families. We cried and we were very sad. I think that was the worst day. We went to airport and packed our laggage. We flew to Frankfurt and at the airport we met a famous Polish actor! We were so tired and we flew to Poland. I have never been that happy when I saw polish words! We got our laggage and went to buses. When we were in Piekoszów we said goodbye to everyone and went home.
